Paints & Coatings

Catalynt is one of the largest certified woman-owned custom manufacturing and packaging service providers and suppliers of raw materials and ingredients in North America.

We offer exclusive manufacturer relationships, industry market intel and product knowledge, and a range of customer services. We do our best to anticipate disruptions in the supply chain, connecting our customers to the materials they need, even in times of crisis.

Because your work is important to the world, and that's important to us.

CONTRACT PACKAGING & MANUFACTURING

We combine technological expertise with strong production capabilities to offer our customer and suppliers a wide range custom contract packaging and manufacturing services. Liquid & powder blending, including flammables and corrosives.

LABORATORY TESTING

Full service quality control lab, with the ability to test for customer required specifications on finish goods or raw materials. Samples retained at customer's request.
