Grease & Lubricants

Catalynt is one of the largest certified woman-owned custom manufacturing and packaging service providers and suppliers of raw materials and ingredients in North America.

We offer exclusive manufacturer relationships, industry market intel and product knowledge, and a range of customer services. We do our best to anticipate disruptions in the supply chain, connecting our customers to the materials they need, even in times of crisis.

Because your work is important to the world, and that's important to us.

We want to be your full-service supplier

The raw materials industry has its share of tensions, and we work to get ahead of them so that your business stays on course. We're reliable. We're responsive. We're agile. We take the time to establish relationships with you and your business, and we offer exceptional, hands-on customer support. We'll meet your needs, no matter the size of their business.
