A message from **Our CEO**

Megan E. Gluth, Esq.

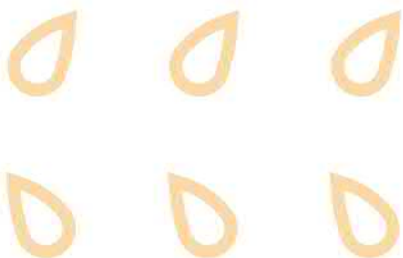

CEO & Owner, Catalynt Solutions, Inc.

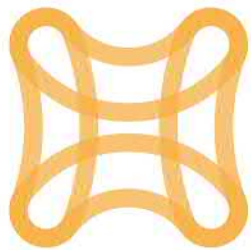

I am resolute in my contention that the same values with which I was raised are the ones that will guide me now. There are no shortcuts for hard work, one can only thrive in their integrity, and all people must be truly valued in our presence.

- Chairwoman of the Board for the Alliance for Chemical Distribution (ACD)
- Women Presidents Organization (WPO) Women2Watch - 2024
- EY Entrepreneur Of The Year® Mountain West - 2023
- Business Journal's Middle Market Fast 50 Leaders of 2023
- Puget Sound Business Journal "40 Under 40" honoree - 2016

CATALYNT **Mission Statement**

WE ARE a dedicated team, and we work hard to transform ourselves and our communities for the better. We stand by our customers and suppliers through thick and thin. We anticipate their problems and deliver solutions, because their work is important to the world — and that's important to us. We are CATALYNT.

About **CATALYNT™**

***WE ARE committed, competitive, connected, and candid.
Connecting you to the materials and services you need.
We are CATALYNT.***

Catalynt is one of the largest certified woman-owned suppliers of raw materials, ingredients, and chemical services in North America, serving industries for over 30 years. We are a certified small business with SBA, WOSB, WBENC, & NGLCC certifications.

Catalynt holds exclusive manufacturer relationships, provides industry market intel and product knowledge, and offers a wide range of services, including custom manufacturing, contract packaging, and full laboratory services. We do our best to anticipate disruptions in the supply chain and connect our customers to the materials they need, even in times of crisis.

Because your work is important to the world, and that's important to us.

Why Cataynt?

Committed

Connected

Reach & Service

- 20+ Import & Stocking Points throughout the US
- Global sourcing from over 20 countries
- Customers include Fortune 500 companies and small family-owned businesses - we value them all
- ISO Certified contract manufacturing, packaging, laboratory and other chemical services at our plant in Bensenville, IL
- Dedicated support personnel for every account to ensure 24/7 access and support
- A deep portfolio of supplier partners to ensure access to quality products
- Comprehensive compliance and logistics services performed with rigor
- A diverse supplier committed to the uplift of our work together and our shared commitment to diversity

Operational Excellence

- Decades of Global Purchasing and Logistics Experience
- In-house Import and Export Customs Clearance procedures and documentation management
- Demonstrating a sustained commitment to the success of our customers' enterprises
- Consistent review of inventory positions and recommended reorder points
- Maximizing freight benefits from multiple sources and providing an alternate routing solution

Responsible Distribution

- Verified 'Responsible Distributor' – Alliance for Chemical Distribution (ACD)
- We follow the ACD's Responsible Distribution guiding principals and commitments to continuous performance improvement throughout the import, export, storage and handling process
- As a Responsible Distributor, we ensure compliance with all applicable laws and regulations set forth by governmental and organizational authorities
- Vet and utilize highest quality freight and warehouses for optimal order fulfillment

Chemistries for Industry

INCLUSIVE SUPPLY

At Catalynt Solutions, we supply a diverse portfolio of high-quality chemical ingredients tailored to meet the performance, regulatory, and formulation needs of key industries.

Adhesives & Sealants

- Tackifiers & Binders
- Crosslinking Agents
- Surface Modifiers
- Reactive Diluents
- Polymer Stabilizers

Chemical Formulating

- Solvents & Carriers
- pH Adjusters & Neutralizers
- Chelating Agents
- Surfactants & Emulsifiers
- Stabilizers & Preservatives

Cosmetics & Personal Care

- Emollients & Conditioners
- Surfactants & Foam Boosters
- Thickeners & Rheology Modifiers
- Preservatives & Antioxidants
- UV Absorbers & Skin Protectants

HI&I, Water Treatment & Pulp & Paper

- Chelating & Sequestering Agents
- Scale Inhibitors & Builders
- Bleaching Agents
- pH Adjusters
- Biocides & Disinfectants

Agricultural, Farm & Feed

- Feed Additives & Digestive Aids
- Soil Conditioners & Nutrient Sources
- Preservatives & Antioxidants
- Disinfectants & Hygiene Aids
- CIP & Water Treatment Agents

Composites

- Curing Agents & Hardeners
- Reinforcing Fillers
- Monomers & Crosslinkers
- Plasticizers & Flow Aids
- Resin Modifiers

Food & Beverage

- Acidulants & pH Modifiers
- Preservatives & Antioxidants
- Emulsifiers, Stabilizers, & Texturizers
- Sweeteners & Nutrient Additives
- Processing Aids

Lubricants & Metal Working

- Extreme Pressure Additives
- Corrosion Inhibitors
- Base Oils & Esters
- Viscosity Modifiers
- Antioxidants & Stabilizers

From enhancing product stability in cosmetics to improving drilling efficiency in oil & gas, our ingredients serve critical functions across every application. This guide highlights the core ways our products are used to support innovation, efficiency, and quality in each sector we serve.

Metal Care & Cleaning

- Descalers & Rust Removers
- Surface Prep & Cleaners
- Chelating & Brightening Agents
- Corrosion Inhibitors
- pH Modifiers

Mining

- Frothers & Collectors
- Depressants & Dispersants
- Flocculants & Coagulants
- Dust Suppressants
- Water Treatment Aids

Oil & Gas Drilling & Completion Fluids

- Clay Stabilizers
- Shale Inhibitors
- Lost Circulation Materials
- Scale & Corrosion Inhibitors
- Thinners & Viscosifiers

Oil & Gas Pressure Pumping & Drilling

- Friction Reducers
- Crosslinkers & Breakers
- Surfactants & Emulsifiers
- Gelling Agents
- Acidizing Additives

Paints & Coatings

- Binders & Film Formers
- Pigments & Fillers
- Dispersants & Wetting Agents
- Crosslinkers & Curing Agents
- Flow & Leveling Modifiers

Pharmaceutical & Biotech

- Active Ingredients
- Excipients & Fillers
- Preservatives & Stabilizers
- pH Buffers
- Solubilizers

Plastics & Rubber

- Plasticizers & Process Aids
- Stabilizers & Antioxidants
- Fillers & Pigments
- Impact Modifiers
- Polymer Additives

Polymer Building Blocks

- Monomers & Oligomers
- Crosslinkers & Curing Agents
- Chain Transfer Agents
- Polyol & Isocyanate Precursors
- Resin Intermediates

Manufacturing & Laboratory

CUSTOM SERVICES

The manufacturing industry has its share of tensions, and we work to get ahead of them so that your business stays on course. We're reliable. We're responsive. We're agile. We take the time to establish relationships with you and your business, and we offer exceptional, hands-on customer support.

Certifications & Standards

- ISO-9001 certified facility
- GMP compliant
- NF/NSF capabilities
- DI Water system
- ACD Responsible Distribution Verification

Quality Control

- Decrease overall costs by improving efficiency and rejection rates and providing your company with technical expertise
- Full-service laboratory testing, sample retention, and developmental formulating

Reliable Services

- Dedicated manufacturing equipment
- Palletizing, pallet banding, and stretch wrapping
- Wide range of finished packaging sizes
 - 1 gallon - 55 gallons
 - Ability to handle bags and supersacks
- Filling lines for small package containers and custom-fit supersack filling
- Ability to create small batches and developmental samples

Technical Expertise & Equipment

- Full-time Chemists on-site
- Quality control and R&D laboratory systems
- Specialty equipment for various industries
- Ability to aid in the development & manufacturing of custom formulations
- In-house lab analysis and testing services such as:
 - Gas-Chromatograph (GC) & Purity Testing
 - Moisture, pH, Color, Turbidity, and Sheen Analysis
 - Titrations Testing
 - UV/VIS Spectroscopy
 - Density (lbs/gal) Testing
 - Flash Point & Loss on Drying Analysis

Proprietary Protection

- Trusted partner, dedicated to protecting your formulations and providing guidance and custom-fit solutions
- Contract manufacturing, packaging, and private labeling to meet your specifications

Catalynt Manufacturing & Laboratory

240 Foster Avenue, Bensenville, IL 60106, USA

For all your manufacturing needs – Powders, Liquids, Flammables, and Corrosives... We can do it all!

Broaden your range of capabilities and increase the variety of products your business can offer.

Connect & Consolidate

UNDERSTAND

Meet to collaborate with members of several business areas to gain complete understanding of unique needs

SHARE

Provide supply options, market intelligence, and data needed to inform pricing and supply each month or quarter

SERVE

Provide a known and consistent team of CATALYNT staff who are available 24/7 to handle the business and ensure the expectations and needs are being met

RECEIVE

Customer provides forecasts, purchase orders, and other necessary information

SECURE

CATALYNT takes title to required products and stores them in CATALYNT warehouses for just in time delivery

SUCCESS

Share a commitment to the health and success of the business together

Your success is our success

- *This statement is often used, but at CATALYNT we live by a set of values and commitments dedicated to this premise*
- *We are committed to open transparency*
- *We get paid for our services - You will know what value you are getting in return*
- *We offer custom contracts tailored to ensure CATALYNT meets your needs as you require*
- *We detest "autopilot" and laziness*
- *We will never relax our efforts to improve cost positions, quality, and service*
- *You should always feel free to check on our efforts, but we will work to ensure you never feel the need*

We communicate with simple truth

- *If something goes wrong, you will hear it from us first - We believe in "pushing" information, not waiting for you to "pull"*
 - *We do big business with a personal experience*
 - *You will always have people you know to talk to, and we answer the phone*
 - *While we employ advanced technology and can offer you that experience, we believe that it should never come at the expense of a personal interaction with someone who knows your business*
 - *We believe that character still counts*
- 

Connecting you to the materials and services you need.

We want to be your full-service supplier.

Flexible, yet steadfast.

We are a reliable partner in an industry that can be unpredictable. We're also resourceful, finding and acting on creative solutions that change your business outlook.

Ambitious, yet caring.

When our partners win, we win. So we put our ambitious spirit to work to achieve mutual growth.

Straightforward, yet optimistic.

We speak clearly and without pretense to ensure your expectations are met, that crises are averted, and that we all get stronger and better along the way.

Global Presence.

Local Excellence.

We're reliable. We're responsive. We're agile.

We believe in curiosity, flexibility, and creating success for our partners.

By taking the time to understand your business, challenges, and what success looks like for you, Catalynt industry experts present unique sourcing options and custom solutions tailored to meet your needs. We are inspired by more than just solving your problems, we are inspired by you.

Your work is important and that's important to us.
